APRIL 2019 Issue 44

President's Message
Barbara Fleeman Hazlett
April 2019

April brings new beginnings. Finally, Attorney General William Barr has brought the Mueller investigations to a close with a report that there is no Russian Collusion by President Donald Trump.

The economy is booming, stock markets are up, and unemployment is at its lowest level in decades. The Democrats have 20 candidates running for President. Most of them are young with very little experience. The top names in the polls are Bernie Sanders and former Vice-President Joe Biden. As some say, "Two Old White Men".

President Trump's supporters are very loyal and enthusiastic and will be for the 2020 election. It is our job to spread the word of his accomplishments to undecided voters.

California GOP also has a new look. Jessica Patterson was elected Chairman of the California Republican Party at the recent state convention. She is the first woman to hold this position as well as the first Latina. The new chair of the state GOP is trying to lead the party away from national issues and focus on matters that effect Californians at home: housing, taxes and water to mention a few.

When Jessica spoke at the San Diego County GOP meeting on Monday, April 8th, she said "It's an important time in our party history and we have the opportunity to talk about the failed policies of California Democrats. Republicans have an excellent opportunity to give people better alternatives." Listen to their concerns and problems, and offer a solution. To make these changes, we all have to become involved in Republican sponsored functions. This is the time to become active in our RCOH and your community.

Brian Maryott
Mayor of San Juan Capistrano
2020 Candidate for 49th
Congressional District

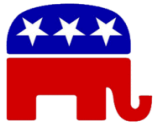

Brian has both public and private sector experience. Maryott was elected to the San Juan Capistrano city council in December 2016 and was later elected Mayor. His term expires in 2020. He represents the city as a board member of the Transportation Corridor Agency, and he is on the Orange County Library Advisory Board and the Ocean Feasibility Study Committee. Brian is a past commissioner on the City Trails and Equestrian Commission.

Mayor Maryott is a conservative businessman and executive. He is a Certified Financial Advisor and a Certified Financial Planner. Brian has extensive financial experience and currently serves as Regional Manager and Senior Vice President for a global financial services firm. As our national debt continues to grow, Brian's financial background and commitment to sound growth and fiscal stewardship is needed in Congress now more than ever.

Maryott has spent many years of his financial planning career helping hundreds of individuals and families to save for the future so they can send their children to college and retire with dignity. Brian steadily grew his planning business and was eventually promoted to Senior Vice President by his employer where he helped manage hundreds of employees and billions of dollars of clients' assets.

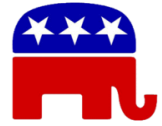

Brian is a native of Massachusetts and a graduate of American International College. He is enrolled in a Master's Degree at Pepperdine University. Shown are Brian, his wife, Michele, and their three children.
